

Nozzle Tightfill Hose Swivels

Increased Hose Flexibility and Freedom of Movement

Setting Standards in Safety and Dependability since 1936.

Female Sculflow Swivel

Male Sculflow Swivel

Female Super Nozzle Swivel

Male Super Nozzle Swivel

DESCRIPTION

Scully delivery nozzles are considered by many to be the finest in the world. They are used for delivering heating oils, lubricants, gasolines, jet fuels, chemicals and other liquids. Their durable construction allows them to provide dependable performance over countless deliveries. Scully nozzles offer optimum pumping speed and control to improve your delivery efficiency.

TIGHTFILL HOSE SWIVELS

- Advanced ball bearing design allows for easy rotation at all operating pressures.
- No nipple required to attach hose with male style swivels.
- Lightweight Aluminium and zinc construction.
- Teflon high recovery seal and shielded bearings for optimum field performance.
- Wide variety of liquid product use.
